

12 volt solar battery charger maintainer

Overview

What is a solar trickle charger & maintainer?

SOLPERK 12V Solar Trickle Charger This solar battery charger and maintainer is manufactured with thin amorphous solar cells so that the battery could work well even during rainy or gloomy days. It charges the battery using a small current to ensure more excellent maintenance for automobile batteries.

What is a solar battery charger & maintainer?

The solar panel offers users three-step smart charging functions, and it helps keep the battery damage-free due to overcharging. We think this is why it's considered one of the most recommended options nowadays. This easy-to-operate solar battery charger and maintainer are easy to operate.

What is a 12V solar battery charger?

12V solar battery chargers are a eco-friendly and cost-effective way (price ranges are between 25 - 80\$ so they are not expensive devices at all) to maintain or trickle charge any 12V battery without resorting to grid electricity. 12V solar battery chargers are quite effective.

Can a solar panel charge a 12V battery?

It can be used for cars, 4WD's, trucks, motorcycle, marine, boats, farm equipment or any application where a 12V battery is used. The high efficient solar panel allows to absorb a wider spectrum of sunlight, as long as there is sufficient sunlight available, the charger will generate an electrical current to trickle charge the battery.

What is a SP-12 solar charger?

The SP-12 is a higher-watt version of the SP-10 Solar Charger, 10W. Whether you own a car, motorcycle, ATV, boat, or any other vehicle that sits idle for long periods, this product is designed for you. Prevents Battery Drain: Keeps your battery charged, avoiding unexpected dead batteries when you need

your vehicle the most.

How do you charge a solar battery maintainer?

Some models allow you to charge directly into the cigarette lighter outlet using a cigarette lighter plug. Or, you can charge directly to the battery with battery leads or opt for models that allow you to charge even on cloudy days. Meanwhile, countless brands offer diverse solar battery maintainer models at different price ranges.
