

Apex solar batteries

Overview

What does Apex Solar Power offer?

Apex Solar Power offers customers the opportunity to integrate a solar battery and EV (electric cars) charging station into their existing or new solar panels. The solar company sources backup energy solar products, including the Generac PWRCell, Tesla Powerwall, and LG Chem.

Who is Apex Energy?

Apex Energy is a company that specializes in the design and installation of residential and small-scale commercial solar. They also provide EV charging, battery backup, and roofing services.

What types of home solar power systems do Apex Solar offer?

At Apex Solar we offer three types of home solar power systems. Off grid: these residential solar systems are completely autonomous and not connected to any utility power. Batteries store energy to ensure that even during a stretch of cloudy days or during night hours, power is still readily available.

What does Apex Energy Tek specialize in?

Apex Energy Tek specializes in the design and installation of residential and small-scale commercial solar. Apex Energy Tek has installed over 5,000 solar systems, EV charging stations, and roofing projects across the Northeast. Apex Energy offers the most comprehensive selection of renewable solar solutions that can be found in the region.

How much battery does the apex Pro have?

At just 59g including the watch band, you can take the APEX Pro on just about any adventure you can dream of. The APEX Pro offers 40 hours of full GPS battery life – a 14% increase over the original APEX. Now you can get through that Mountain 100 miler without having to debate about switching into Ultra Max Mode.

In which states does Apex Energy operate?

Apex Energy operates in New York, New Jersey, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, and South Carolina. They also provide EV charging, battery backup, and roofing services, and have helped thousands of homeowners take control of their electric costs and gain energy independence.

Apex solar batteries

Energy Storage , Apex
