Overview

What is Aton energy storage?

Largest utility scale battery storage in UK (50MW). New cap reached with a total installed cumulated capacity: 200MWp Expanding solar projects and battery in Italy. Aton revamps a 5,000 sqm warehouse using LED lighting, in France Aton Energy Storage is born. Aton innovates by connecting a 1.1MW Solar Farm on a landfill in Belgium.

What is Aton energy?

WE ARE THE NEW ENERGY BUSINESS. The energy that we create for our everyday life from clean sources, or that we store for a better usage, or that we dispatch in clever ways to energise our World. But we are also, the Energy that encourages us to think different, to build and develop new ways of living a better Life. Aton Energy is all about that.

Why should you use Eaton's energy storage system?

With Eaton's energy storage systems, homes and businesses gain access to a safe, reliable and efficient power management that harnesses the full potential of renewable sources. Now you can store energy when it's available and when rates are at their lowest, and use it when you need it.
