

Battery for solo liveu

Overview

The LiveU Solo has an integrated battery that offers two offers of battery life. If you want to use to device longer without charging it in between you can use an external battery. Regular USB powerbanks do not work! The USB ports on the device are meant for usage with LTE modems only.

The LiveU Solo has an integrated battery that offers two offers of battery life. If you want to use to device longer without charging it in between you can use an external battery. Regular USB powerbanks do not work! The USB ports on the device are meant for usage with LTE modems only.

The LiveU Solo contains an internal battery that enables up to three hours of standalone operation when fully charged. We recommend charging the battery for at least four hours before using the Solo PRO for the first time. To charge the battery, plug the AC/DC power adapter into the Min. 45W power.

On a journey to build your own IRL backpack or looking for additional power for your existing backpack?

The Power X1 battery has been designed to meet the main criteria for a LiveU Solo PRO based setup, including the IRL Backpack v7. Ships Worldwide. Certified for air travel in cabin/carry-on.

You can use external batteries with your LiveU Solo to extend the stream time to any duration. The external battery will recharge the internal battery, so when the external battery reaches 0 power remaining, you have all the time of the internal battery to swap to the next external unit. Any laptop.

Page 2 The LiveU Solo Device Turning on the Solo Your LiveU Solo is provided by LiveU with an internal battery. It is recommended to fully charge the battery before first use, charging for approximately 3 hours. Press the Power/Stream button for 2 seconds to turn the unit on. Page 3 1. Connect one.

The Solo portable encoder is routed in the pioneering technology that has made LiveU the go-to for live transmission. The new Solo PRO works great, in

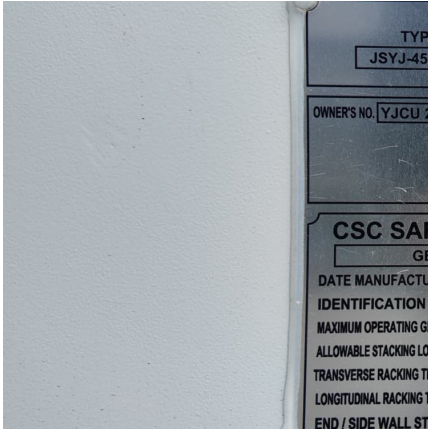

the field or in a studio setup where redundancy is key. This unit can handle resolutions up to 4K, which means your audience will be treated to.
