

# **Byd magic cube energy storage**

## Overview

---

The new-generation MC Cube-T ESS practices the concept of MC Cube, inheriting from "Five Easy" strength, which enables flexible combination of any cube, to achieve any system capacity. Compact design, larger capacity, smaller footprint. 1500V system voltage, reliable.

BYD (HKG: 1211, OTCMKTS: BYDDY) has launched its next-generation energy storage system, the MC Cube-T, as it looks to capitalize on opportunities in a fast-growing new market. The new energy vehicle (NEV) giant today announced the launch of the energy storage system, an upgraded version of the MC.

Shanghai (Gasgoo)- BYD recently launched the all-new MC Cube-T energy storage system, a noteworthy addition with a substantial capacity of 6.432 MWh, which has officially begun its delivery process, according to a press release BYD issued via its WeChat account on April 13. Photo credit: BYD The.
