Upgrade your Arizer Solo or Solo 2 vaporizer with the high-capacity Cameron Sino CS-ARS200SL replacement battery. Engineered for performance and reliability, this 7.4V Li-ion battery delivers 3400mAh of power for long-lasting, consistent vaping sessions. Rated at 25.16Wh, it ensures fewer.

Rechargeable and replaceable battery for the vape on the go! The Arizer's accessory line up offers the rechargeable replacement battery designed for the Arizer Solo. The Lithium-ion battery is similar to that of modern laptops and other accessories. The battery lasts for a longer time and keeps the. How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

Does arizer solo have a warranty?

Equipped for worldwide use with an input capacity of 110-240V with international safety certifications. The Arizer Solo carries a lifetime warranty on the heating element, a limited 2-Year warranty covering defects in materials or workmanship, and a limited 1-Year warranty covering the battery. Glass is not covered under warranty.

How do I store my arizer solo III v2.0?

Arizer Solo III v2.0 should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo III v2.0 with a fully charged or fully drained battery for extended periods of time (one month or longer).

How long do arizer batteries last?

Arizer Batteries meet rigorous quality standards. With normal use they will last for hundreds of charge cycles before losing any capacity. Dropping the unit can result in battery damage that may limit / reduce the battery capacity quickly, so it is important to handle the unit carefully.

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

Can arizer batteries be substituted for third-party batteries?

Arizer Batteries should not be substituted for third-party batteries — Only use official Solo Batteries with your Arizer Solo. We cannot verify the quality or safety of other batteries, and using third-party batteries can result in personal injury, electric shock, and damage to the device which is not covered under warranty.
