

Domestic energy storage project financing options in Saudi Arabia 2025

Overview

Is Saudi Arabia a leader in battery energy storage?

Riyadh, February 14, 2025, SPA -- The Kingdom of Saudi Arabia has achieved a leading position among the top ten global markets in the field of battery energy storage, coinciding with the launch of the Bisha Project, which has a capacity of 2000 MWh and is one of the largest energy storage projects in the Middle East and Africa.

What does Saudi Vision 2030 mean for energy production?

The goals outlined in the Saudi Vision 2030 initiative are aligned with this ambitious energy production strategy. The Kingdom plans to operate 8 GWh of energy storage projects by 2025, expanding this to 22 GWh by 2026, which would place it as the third-largest global market for energy storage, following China and the United States.

Will Saudi Arabia develop a storage capacity of 48 gigawatt-hours?

Under the National Renewable Energy Program, which is overseen by the Ministry of Energy, Saudi Arabia aims to develop a total storage capacity of 48 gigawatt-hours by 2030. To date, projects totaling 26 gigawatt-hours have been tendered and are currently in various phases of development.

Does KSA have a storage service agreement with SPPC?

Each SPV will enter into a 15-year Storage Services Agreement with SPPC. As part of Vision 2030, KSA aims to supply 50% of its electricity from renewable energy by 2030 and has set a clear plan to transition its energy mix towards solar, wind and other renewable energy sources.

How many mw / 8000 MWh are there in Saudi Arabia?

The Combined Capacity of the Projects is 2,000 MW/8000 MWh and will be located across Saudi Arabia. Following are the project locations: Earlier, during December 2024, SPPC announces the list of Qualified bidders. (read more) At

present, SPPC sets the bid submission date as 02 June 2025.

Domestic energy storage project financing options in Saudi Arabia 2

Top Renewable Energy Projects in Saudi Arabia You Should Know in 2025

In 2025, several key renewable energy projects in Saudi Arabia are set to shape not only the Kingdom's energy landscape but also the global conversation around sustainable ...

[Power purchase agreements signed for major ...](#)

In the presence of His Royal Highness, Prince Abdulaziz bin Salman Al-Saud, Minister of Energy, ACWA Power, the Water and Electricity Holding Company (Badeel), and Saudi Aramco Power Company (SAPCO) ...

Saudi Aramco Energy Storage and Battery Initiatives for 2025: ...

Aramco's activities are focused in Saudi Arabia, a region with unique energy challenges and opportunities. The country's abundant solar resources make it an ideal location ...

[Saudi Arabia awards 10,000MWh Battery Energy ...](#)

Saudi Electricity Company (SEC) awards the contracts for Battery Energy Storage Systems (BESS) having Combined Capacity of 2,500

MW/10,000 MWh, across Saudi Arabia.

[MENA Solar and Renewable Energy Report](#)

In collaboration with: The Middle East and North Africa saw 2019 again confirm the growth and importance of commissioning large projects and launching additional phases of their renewable ...

[China's role in scaling up energy storage investments](#)

This study explores the challenges and opportunities of China's domestic and international roles in scaling up energy storage investments. China aims to increase its share ...

[Saudi Arabia: Bidders revealed for 8GWh battery](#)

In addition to public-private partnerships such as through SPPC, Saudi Arabia will host gigawatt-hour scale battery storage facilities to integrate renewable energy at major infrastructure projects such as the Red Sea Project ...

Saudi Arabia, a leading powerhouse in renewable energy ...

In conclusion, Saudi Arabia has decisively emerged as a leading force in renewable energy development, not only within the Middle East but on the global stage.

[Saudi Arabia Strengthens Green Hydrogen Research ...](#)

Saudi Arabia renewable energy advances with AI solar forecasting, vanadium battery testing, and green hydrogen development through global partnerships.

[Saudi Arabia issues RFP for 2,000 MW Battery ...](#)

Saudi Power Procurement Company (SPPC) issued the Request for Proposals (RFP) to the Qualified Bidders for Group 1 Battery Energy Storage Systems (BESS). The Combined Capacity of the Projects is 2,000 MW/8000 ...

[Saudi Arabia Among World's Top 10 Global Markets ...](#)

The Kingdom plans to operate 8 GWh of energy storage projects by 2025, and 22 GWh by 2026, positioning itself as the third largest global market in energy storage projects, following China and the United States, based on the storage ...

Saudi Arabia's Renewable Energy Initiatives and Their ...

These partnerships provide Saudi Arabia with advanced technology and financing options while allowing China to secure vital energy resources, strengthen its Belt and Road Initiative, and gain greater access to ...

Saudi Arabia Plans to Deploy 48GWh of Battery Storage by 2030

The four upcoming energy storage projects, all identical in scale, are strategically located within Saudi Arabia. As part of the Saudi Vision 2030 policy, the country ...

BYD energy storage signed world's largest grid-scale battery storage

BYD Energy Storage and Saudi Electricity Company successfully signed the world's largest grid-scale energy storage projects contracts with a capacity of 12.5GWh at the ...

[Saudi Arabia joins top 10 global energy storage ...](#)

Saudi Arabia has firmly established itself as one of the top ten battery energy storage markets globally. Major projects like the newly launched 2,000 MWh Bisha Project, one of the largest in the Middle East and Africa, are ...

Sungrow signs contract for world's largest energy storage project ...

It is expected to start delivery in 2024 and achieve full capacity grid-connected operation in 2025. The project will effectively improve the stability and reliability of Saudi ...

Saudi Arabia Ranks Among World's Top 10 Energy Storage ...

Saudi Arabia aims to bring 8 gigawatt-hours of energy storage projects online by 2025 and 22 gigawatt-hours by 2026. These targets would position the Kingdom as the world's ...

Saudi Arabia budget report 2025
