

# Energy storage charging vehicle rental

## Overview

---

Why should you rent a battery energy storage system?

Battery energy storage system rentals provide reliable, efficient power with low emissions. They can help reduce your company's carbon footprint while effectively charging a variety of tools and equipment. Our fleet of energy storage solutions operate at high efficiency, allowing you to get more power out of every drop of fuel.

Which EV charging units are available worldwide?

ZAPME mobile EV charging is now available worldwide. Mobile & Portable EV Charging, Anytime, Anywhere. A full range of 10kWh to 300kWh mobile EV charging units using advanced battery energy storage for roadside recoveries and premium on-demand roadside Rapid charging. Custom built units available for your application.

What is ZapMe mobile EV charging?

ZAPME is the world leader in the offer of Energy as a Service (EAAS) having provided mobile and portable energy for Rapid or Level 3 mobile electric vehicle charging since 2014. ZAPME mobile EV charging is now available worldwide. Mobile & Portable EV Charging, Anytime, Anywhere.

What are the different types of energy storage options?

Scalable, Modular Energy Storage: Configurations range from 150kWh to 450kWh, with daisy-chaining options for extended capacity. Energy Storage Only - Providing flexible, off-grid power solutions. CCS DC Fast Charging - Featuring dual 150kW CCS chargers, suitable for high-speed public and commercial EV charging.

Do you need an industrial energy storage system?

When you require an industrial energy solution for your construction site, plant or event, these energy storage systems provide silent, efficient

temporary power at several different outputs. Get these exclusive online rates by renting through our website or app.

What are the key features & configurations of energy storage?

Key Features & Configurations Scalable, Modular Energy Storage:

Configurations range from 150kWh to 450kWh, with daisy-chaining options for extended capacity. Energy Storage Only – Providing flexible, off-grid power solutions.
