

# **Factory solar storage supplier quotation in Guernsey 2030**

## Overview

---

How many solar panels are installed in Guernsey?

Since 2013, we've installed over 3.1 megawatts of energy generation capacity, equating to over 7,000 solar panels, all of which contribute to the States of Guernsey's ambitious net zero 2050 targets. We partner with brands like Maxeon SunPower and SolarEdge, giving clients access to the most trusted names in the industry.

Where should an offshore wind array be located in Guernsey?

Feasibility studies to date have shown that the most optimal location for an offshore wind array in Guernsey's territorial waters is the west coast. The offshore wind feasibility report completed in 2016 is available in the downloads section of this page, along with a summary document.

Why should a regulatory framework be developed in Guernsey?

The regulatory framework must be suitable to the size and scale of Guernsey's industry, providing a mechanism to challenge decisions made by the industry, whilst also providing investors with confidence.
