

Fiji energy storage technology factory operation information telephone

Overview

When did Energy Fiji Limited start operating?

Energy Fiji Limited, previously the Fiji Electricity Authority, began operating from 1 August 1966.

Where are TotalEnergies storage facilities located in Fiji?

TotalEnergies Marketing (Fiji) Pte Ltd. owns six storage facilities in Fiji with the main terminals located at Walu Bay and Rodwell Road in Suva and Vuda Point in Lautoka. Five (5) of these terminals and depots are operated by TotalEnergies while the remaining one (1) is managed and operated by 3rd parties.

How does Fiji provide access to modern energy?

The access to modern energy to rural or remote islands and villages in Fiji is made possible by external aid; namely Chinese, Japanese, US, Korean, Turkish governments, to name a few. The technologies and expertise is provided by external aid. This assists GoF to install and commission renewable energy projects.
