

# **Home energy storage project financing options in Saudi Arabia 2030**

## Overview

---

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

What does Saudi Vision 2030 mean for energy production?

The goals outlined in the Saudi Vision 2030 initiative are aligned with this ambitious energy production strategy. The Kingdom plans to operate 8 GWh of energy storage projects by 2025, expanding this to 22 GWh by 2026, which would place it as the third-largest global market for energy storage, following China and the United States.

Is renewable electricity a key to achieving Saudi Arabia's Vision 2030?

The substantial progress and ability of renewable electricity are a cornerstone for achieving Saudi Arabia's Vision 2030 and enhancing environmental sustainability.

Is solar power a viable renewable strength funding choice in Saudi Arabia?

Results and discussion The consequences of this study, using the AHP and TOPSIS methods, suggest that solar strength is the most viable renewable strength funding choice in Saudi Arabia, followed by wind and hydroelectric power.

Who owns power projects in Saudi Arabia and Abu Dhabi?

Currently, both Saudi Arabia and Abu Dhabi follow a project ownership model where 60% of power projects are controlled by government-related entities such as the Public Investment Fund and Abu Dhabi Developmental Holding Company, while the remaining 40% is owned by international energy and

construction firms.

Which solar energy system has the highest investment index in Saudi Arabia?

The MCDM analysis results show that the solar energy system has the highest investment index in the Saudi Arabian cities; the first place belongs to Abha with an investment index of 0.93, the second place belongs to Jeddah with an investment index of 0.85, and the third place belongs to Dammam with an investment index of 0.75.
