

# **Hybrid renewable storage project financing options in Luxembourg 2025**

## Overview

---

What projects does Luxembourg participate in?

Luxembourg participates in projects financed by the EU Innovation Fund, which supports innovative industrial initiatives. For example, projects related to energy storage, recycling and carbon capture and storage (CCUS) are being developed to reduce emissions in energy-intensive industries.

What is Luxembourg doing to reduce energy consumption?

Renewables and biofuels, of which two thirds are produced domestically, hold a 14 % share in Luxembourg's energy mix. To lower energy imports, Luxembourg has set a target to reduce final energy consumption in 2030 by 42 % compared with projections in the reference scenario. This also includes encouraging active.

Why is Luxembourg a leader in sustainable finance?

Luxembourg is a leader in sustainable finance with financial instruments for clean energy projects, pioneering this type of bond. Luxembourg is a leader in sustainable finance with financial instruments for clean energy projects, pioneering this type of bond.

What is the energy mix in Luxembourg?

business premises. The energy mix in Luxembourg is primarily based on fossil fuels, all of which are imported (Figure 3). Own energy production only accounts for 10.3 % of the total energy mix. In 2023, Luxembourg's total energy supply (including electricity imports not shown in Figure 3) amounted to 3.8 million tonnes of oil equivalent (Mtoe).

Will Luxembourg reach a 100 % share of renewable electricity in 2035?

In the NECP 'with additional measures' (WAM) scenario, by participating in REFM tenders Luxembourg will reach a 100 % share of renewable electricity in 2035. The 2030 share is expected to be 75 %, of which 39 % would be

produced within Luxembourg.

How will Luxembourg benefit from the European financing mechanism?

In addition to these bilateral or multilateral initiatives, Luxembourg also intends to make full use of the European Financing Mechanism, which allows European countries to join together to develop and finance renewable energy projects, from which the money will be invested in concrete and clearly identifiable projects for Luxembourg taxpayers.
