

Hybrid solar storage project financing options in Chile 2025

Overview

Does Codelco have a PPA for a solar-plus-storage project in Chile?

This is not the first time Codelco and Atlas Renewable Energy have signed a PPA for a solar-plus-storage project in Chile, following the two companies' signing of a 15-year 375GWh 24/7 supply agreement in March 2024. At the time, this marked the developer's entrance into the BESS market, according to its CEO.

Why are solar PV projects being co-located in Chile?

More and more solar PV projects are co-located or hybridised with BESS in Chile as solar PV as standalone projects have become financially unviable in the country. One of the challenges Chile faces is the ever-increasing curtailment of solar PV and wind.

Could MUFG finance a 350MW solar portfolio?

Origis Energy has secured a financing package from MUFG to support the development of a 350MW solar portfolio in the US. A new report has claimed that creating a Sydney renewable energy zone (REZ) in New South Wales, Australia, could generate up to 21GW of renewable energy from rooftop solar PV.

Could European PPA space see more tailored PPAs & hybrid deals?

The European PPA space could see more tailored PPAs and hybrid deals, according to experts at the Renewables Procurement & Revenue summit. US independent power producer (IPP) DESRI has begun construction on a 205MW/1,000MWh solar-plus-storage project in the state of Arizona.

Hybrid solar storage project financing options in Chile 2025

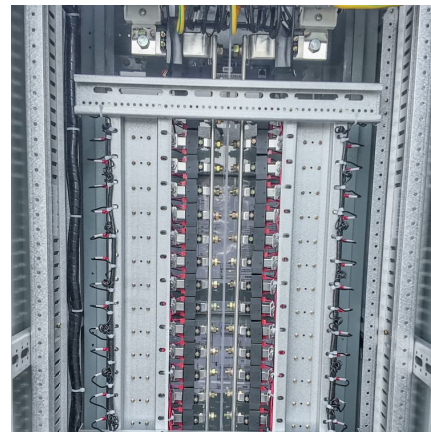

Zelestra Clinches \$282m Financing for 220-MW Aurora Solar-Storage

Spanish renewable-energy specialist Zelestra has reached financial close on its Aurora hybrid solar-plus-storage complex in northern Chile, locking in USD 282 million in ...

DNV supports record financing for Chile's solar-storage hybrid project

DNV, an unbiased vitality professional and assurance supplier, has performed a key position in offering complete advisory providers to Atlas Renewable Power to safe US\$510 ...

[Keeping the Lights on at Night: Supporting The ...](#)

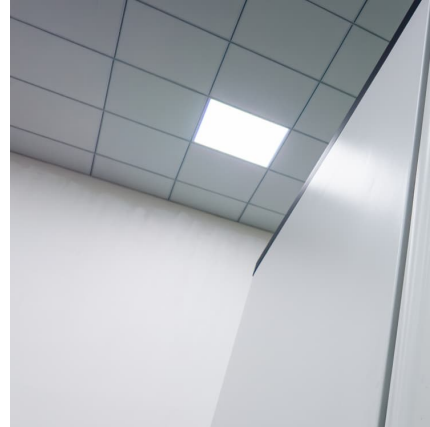

Chile has emerged as a leading destination for renewable energy investments in Latin America, with over 40% of its electricity consumption sourced from renewables in early 2024. This is supported by significant ...
