

# Hybrid solar storage project financing options in Poland 2025

## Overview

---

The application period runs from 4 April to 30 May 2025. Funding will be available as grants and/or loans under the priority programme, with a total budget of 4.15bn zlotys. Grants can reach up to 3.735bn zlotys, and loans are capped at 415m zlotys.

The application period runs from 4 April to 30 May 2025. Funding will be available as grants and/or loans under the priority programme, with a total budget of 4.15bn zlotys. Grants can reach up to 3.735bn zlotys, and loans are capped at 415m zlotys.

Poland's National Fund for Environmental Protection and Water Management (NFOŚiGW) has initiated a call for applications for co-financing electricity storage facilities. The programme, funded by the country's Modernisation Fund, has a budget of more than 4bn zlotys (\$1.02bn). This initiative aims.

Poland's National Fund for Environmental Protection and Water Management (NFOŚiGW) has opened a call for applications to co-finance electricity storage facilities, with funding from the Modernisation Fund. The programme has a total budget of \$1.02 billion and aims to improve grid stability and.

Poland's 2024-2025 energy storage subsidy programs are a key element in the country's energy transition. With the growing demand for stable energy sources and the integration of renewables into the grid, energy storage facilities take on special importance. The National Fund for Environmental.

The call for applications for the Electricity Storage and Related Infrastructure Programme, aimed at enhancing the stability of the Polish power grid, will remain open until May 30, 2025. The Polish National Fund for Environmental Protection and Water Management (NFOŚiGW) opened on April 4 a call.

(DSR) for addressing emergency situations. As of 2018, the TSO purchases DSR services under three programmes: Guaranteed Programme, Ongoing Sponsors; 2025 Floorplan Venue; Resources. Marketing Materials; . With solar installations in Poland exceeding 10GW in 2022 for the first time, the general.

June 2025 – Polish renewables leader R.Power has secured €30 million in green bond financing from the International Finance Corporation (IFC), marking a major milestone for Poland’s energy storage sector. The deal supports some of Poland’s first large-scale battery storage projects and represents. Will energy storage subsidy programs accelerate Poland's energy transition?

The development of energy storage subsidy programs in 2024-2025 has great potential. The planned activities will accelerate Poland’s energy transition, supporting the development of technologies and the creation of new jobs in the energy sector. Energy storage subsidy programs are crucial to stabilizing Poland’s electricity grid.

Why is energy storage subsidy important in Poland?

Energy storage subsidy programs are crucial to stabilizing Poland’s electricity grid. An increase in the number of storage installations affects the flexibility and reliability of the power system. Balancing energy supply and demand. Reducing the load on the grid during peak hours. Integration of renewable energy sources (RES).

How can energy storage facilities be improved in Poland?

Introduction of preferential loans for companies investing in energy storage facilities. Increasing the installed capacity of energy storage facilities by 300% by the end of 2025. Increasing the share of RES in Poland’s energy mix to 35% in 2025. Reduction of CO2 emissions by 15 million tons per year.

Why should Poland invest in energy storage?

Development of energy production and consumption forecasting systems. Energy storage subsidy programs support the transformation of Poland’s electricity grid into a more flexible and resilient system. Investments in storage facilities enable better integration of RES, improve grid stability and enhance the country’s energy security.

What is Poland's energy storage program?

The program , “Electricity storage facilities and infrastructure for improving the stability of the Polish power grid,” is aimed at companies planning to invest in energy storage facilities with a capacity of at least 2 MW and a minimum capacity of 4 MWh.

## Can Poland co-finance electricity storage facilities?

Credit: Phonlamai Photo/Shutterstock. Poland's National Fund for Environmental Protection and Water Management (NFOŚiGW) has initiated a call for applications for co-financing electricity storage facilities. The programme, funded by the country's Modernisation Fund, has a budget of more than 4bn zlotys (\$1.02bn).

## Hybrid solar storage project financing options in Poland 2025

---

### [Project Financing in Renewable Energy: A Complete ...](#)

After debt payments have been made, other investors (like equity investors) will be paid. In general, project's assets are used as collateral to the loan. This type of financing is common in renewable energy projects because building solar, ...

### **Zelestra secures \$282mn financing for hybrid solar and storage project**

Zelestra secures \$282mn financing with Natixis CIB, BNP Paribas and BCI for the Aurora hybrid project in Chile, combining 220 MWdc solar and 1 GWh storage.

### [NFO?iGW opens applications for Polish energy co ...](#)

Poland's National Fund for Environmental Protection and Water Management (NFO?iGW) has initiated a call for applications for co-financing electricity storage facilities.

### **Project Finance Brief: Scatec Secures \$479 Million for Solar and**

Scatec, a renewable energy solutions provider, has secured \$479.1 million of non-recourse project financing to develop the Obelisk hybrid

solar and battery storage project ...

### Best Financing Options for Solar & Battery Storage in 2025

Financing allows homeowners to spread the cost of going solar over many years. What's are the best options for financing solar in 2025?

### [Top 99 Solar Panel Companies in Poland \(2025\) | ensun](#)

The company highlights its expertise in solar panel installation, offering both rooftop and ground-mounted options to ensure efficient integration with the power distribution network. They ...

### Zelestra Clinches \$282m Financing for 220-MW Aurora Solar-Storage

Spanish renewable-energy specialist Zelestra has reached financial close on its Aurora hybrid solar-plus-storage complex in northern Chile, locking in USD 282 million in ...

### [Top 10 Energy Storage Investors in Poland , PF Nexus](#)

Utility-scale battery storage and hybrid renewable-plus-storage assets are being developed faster, opening new revenue streams and enhancing project bankability in the fast ...

### **Photon Energy and R.Power Renewables Sign Agreement for ...**

This project is one of the first hybrid assets in Poland, integrating solar PV and energy storage, and represents an important step toward increasing the flexibility of the ...

### [Weekly renewables M& A round-up \(March 24\)](#)

Taiwan's HD Renewable Energy has acquired the development rights to 795 MW of battery and hybrid solar-storage projects in Australia through its joint venture (JV) with ...

### **DNV supports record financing for Chile's solar-storage hybrid project**

DNV, an unbiased vitality professional and assurance supplier, has performed a key position in offering complete advisory providers to Atlas Renewable Power to safe US\$510 ...

### Sunly secures EUR300 million to fund 1.3GW renewables portfolio

One of the first projects to benefit from Sunly's securing the EUR300 million debt financing is a 244MW solar PV plant in Estonia.

### [R.Power secures investor for 92 MW hybrid PV in Poland](#)

The deal covers two near-ready photovoltaic projects in Poland totalling 91.6 MWp, with future integration potential for wind energy and battery storage - positioning the portfolio as a hybrid energy hub.

### OX2 Secures Financing for First Project in Transition ...

OX2 has secured financing for its 100 MW Rutki Solar Farm in Poland through energy transition bank NORD/LB, marking a significant step in the company's shift toward becoming a hybrid Independent Power Producer (IPP). Located in ...

### [Poland finalizes 5 GWh energy storage subsidy scheme](#)

Poland finalizes 5 GWh energy storage subsidy scheme A total of PLN 4 billion (\$1 billion) will be distributed under the subsidy scheme by the end of 2025 in a bid to bring ...

### [ib vogt makes progress on 40MWp solar project in ...](#)

International solar developer ib vogt achieves PAC Certification for its 40MWp solar project in Zi?bice, Poland. The project, which began supplying clean solar power to the grid in December 2023, has passed all the tests and ...
