

Indonesia energy storage battery exhibition time

Overview

The Battery Show Indonesia 2025, scheduled to take place from September 17-20, 2025, at JIExpo in Jakarta, serves as Southeast Asia's premier B2B exhibition for battery, EV, and energy storage innovations.

The Battery Show Indonesia 2025, scheduled to take place from September 17-20, 2025, at JIExpo in Jakarta, serves as Southeast Asia's premier B2B exhibition for battery, EV, and energy storage innovations.

Reflecting on the growing energy storage market in Indonesia, GEM Indonesia as the leading industrial event organizer in Southeast Asia for more than 15 years proudly present Battery & Energy Storage Indonesia 2026 - Indonesia's Largest Trade Show for Rechargeable Battery & Energy Storage.

2026-04-22-04-24, Jl. Gatot Subroto No.1, RT.1/RW.3, Gelora, Kecamatan Tanah Abang, Kota Jakarta Pusat, Daerah Khusus Ibukota Jakarta 10270, PT. Global Expo Management (GEM Indonesia).

The 9th Edition of Battery & Energy Storage Indonesia 2025 will showcase over 200 exhibitors and expect 15,000 trade visitors. The event was postponed due to Covid-19 but with the implementation of vaccines, it is expected to boost the economy sector. You are heading to the event with 72 people!

If you're planning to visit the upcoming Battery & Energy Storage Indonesia 2026, make the most of your experience by preparing in advance. This exhibition is not just a showcase of the latest advancements in battery technologies; it serves as a critical meeting place for industry professionals.

The Battery Show Indonesia 2025, scheduled to take place from September 17-20, 2025, at JIExpo in Jakarta, serves as Southeast Asia's premier B2B exhibition for battery, EV, and energy storage innovations. The event features over 120 exhibitors, keynote sessions, technical seminars, product.

Returning in its 9th edition, Battery & Energy Storage Indonesia 2025 will be

held in conjunction with sub-events of Solartech Indonesia 2025, INALIGHT 2025, INATRONiCS 2025, Smart Home+City Indonesia 2025 and Smart Energy Indonesia 2025. The exhibition will expand up to 20% at a bigger scale -. Why is Indonesia a good place to invest in battery & energy storage?

So this is a huge potential for battery and energy storage companies and stakeholders to gain access to the market. Moreover, Indonesia has a huge demand for batteries, mostly imported from abroad. Indonesia is the second fastest growing economy in the G20 after China.

Why should you attend a battery energy exhibition this year?

The exhibition is set to expand this year, attracting over 1,100 exhibitors and expecting more than 25,000 visitors over three days. It will provide a wealth of knowledge on battery energy solutions that are essential for stabilizing the grid and integrating renewable energy effectively.

What is battery energy storage?

Battery Energy Storage Systems (BESS) are key to stabilizing the grid, managing variable energy sources, and providing power to remote areas. Using battery storage with solar PV can help off-grid regions reduce diesel use, lower emissions, and create a sustainable energy solution.
