

# Industrial battery cabinet project financing options in Mauritius 2030

## Overview

---

Why is battery energy storage system being introduced in Mauritius?

The CEB is introducing a Battery Energy Storage System (BESS) on its network to arrest the fluctuation inherent to Variable Renewable Energy (VRE) systems. This is due to the increasing share of VRE in Mauritius' energy mix, as the country's energy transition to a low carbon economy gains momentum.

How will Mauritius transition to a low carbon economy?

Mauritius is transitioning to a low carbon economy, with the Central Electricity Board (CEB) installing the first grid-scale Battery Energy Storage System (BESS). This is the first of its kind in Mauritius and enables high capacity storage of renewable energy in the grid.

What is Mauritius' long term energy strategy?

The Government of Mauritius' Long Term Energy Strategy 2009-2025 aims to increase the share of renewable energy in our energy mix to 35% by 2025. This includes reducing the country's dependence on coal and heavy oil for electricity generation.

Why should you invest in Mauritius?

- Mauritius, as an integral part of the African Continent has excellent bilateral ties with African Countries.
- Moreover, the local expertise of Mauritius in the energy sector coupled with the offering of its International Financial Centre can be leveraged upon for structuring and management of energy projects in Africa.

What is Mauritius aiming to reduce dependence on?

The Government of Mauritius' Long Term Energy Strategy 2009-2025 aims to increase the share of renewable energy in our energy mix to 35% by, reducing the country's dependence on coal and heavy oil for electricity generation.

What loans are available in Mauritius?

Concessional loans:

- The Development Bank of Mauritius provides individuals a concessional loan of MUR 250,000 at an interest rate of 2% for solar PV kits.
- Industrial users eligible for a Carbon Neutral Loan Scheme by the Industrial Finance Corporation of Mauritius (IFCM) over 7 years at a preferential rate of 3 percent.

## Industrial battery cabinet project financing options in Mauritius 2030
