

Mobile ESS unit cost breakdown in Poland 2026

Overview

Who will supply ESS batteries in Poland?

The contractor on the project will be LG Energy Solution Wrocław. The Polish unit of the Korean battery maker won the project tender offering the price of PLN 1.555 billion (\$384 million). On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027.

Will PGE supply ESS batteries in 2026?

On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027. It also noted that the project will be supplied with locally manufactured grid-scale lithium iron phosphate batteries at LG Energy Solution's production facility in Poland.

How much is LG Energy Solution's ESS contract worth?

The contract is worth several trillion Korean won and marks the company's first supply of Europe-manufactured LFP batteries dedicated to ESS applications. To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators.

Why is ESS demand increasing in Europe?

Meanwhile, as energy security concerns continue to rise across Europe, demand for renewable energy infrastructure and ESS solutions is growing rapidly. Additionally, advancements in AI are accelerating the expansion of data centers, further driving ESS demand.

Will energy storage systems projects be subsidised under the National recover & Resilience Plan?

The call for proposals of projects to be subsidised under the Energy Storage

Systems scheme financed from the National Recover and Resilience Plan opened on 17 February 2025. [More »](#).

How much zloty will be provided in 2026?

The call for proposal's budget is 893,460,000 zloty. The aid will be provided in the form of subsidies of up to 45% of eligible costs which may be spent by 30 June 2026 at the latest. Proposals may be submitted until 14 March 2025.
