

Nordic energy storage hydraulic station manufacturer address

Overview

Where is Nordic storage located?

Nordic Storage's storage terminals are strategically located along the Swedish coast (Gothenburg, Helsingborg, Malmö, Norrköping, Oskarshamn and Gävle) and in Denmark, in Aalborg. Nordic Storage offers services for a wide range of energy products (distillates, aviation fuels, biofuels, vegetable oils, fuel oils) and chemicals.

Who are the customers of Nordic storage?

The customers range from international oil companies and traders to CSO companies and Scandinavian oil companies, industrial companies and energy producers. Nordic Storage's storage terminals are strategically located along the Swedish coast (Gothenburg, Helsingborg, Malmö, Norrköping, Oskarshamn and Gävle) and in Denmark, in Aalborg.

What services does Nordic storage offer?

Nordic Storage offers services for a wide range of energy products (distillates, aviation fuels, biofuels, vegetable oils, fuel oils) and chemicals. The experience and extensive terminal network enable Nordic Storage to find the best possible solutions in terms of storage locations, facilities and services.

What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open

after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

Nordic energy storage hydraulic station manufacturer address

[Nordic energy storage cable manufacturers](#)
