

Overseas agent wins bid for energy storage in colombia

Overview

Canadian Solar Inc. today announced it has been awarded the first utility-scale battery storage project in Colombia of 45 MW / 45 MWh. The project was awarded in the public tender launched by Colombia's Ministry of Energy and Mines, via its affiliate UPME, the Mining and Energy.

Canadian Solar Inc. today announced it has been awarded the first utility-scale battery storage project in Colombia of 45 MW / 45 MWh. The project was awarded in the public tender launched by Colombia's Ministry of Energy and Mines, via its affiliate UPME, the Mining and Energy.

Canadian Solar Inc. (NASDAQ: CSIQ) announced yesterday that it has won the first utility-scale battery storage project in Colombia. The 45 megawatt hour project was awarded in a public tender by the Colombian Ministry of Energy and Mining through its subsidiary UPME, the Mining and Energy Planning.

Local subsidiaries of international energy companies Engie and Canadian Solar have been among the bidders in a tender for battery storage systems in Colombia. In what is the Latin American country's first tender for storage, the government Ministry of Mines and Energy's Energy Mining Planning Unit.

Colombia's national mining and energy planning unit UPME last week finalised the tender process for the full delivery of a 45-MW battery energy storage system (BESS), awarding the project to the Colombian affiliate of Canadian Solar Inc (NASDAQ:CSIQ). Canadian Solar Energy Colombia SAS ESP offered.

Canadian Solar Inc. today announced it has been awarded the first utility-scale battery storage project in Colombia of 45 MW / 45 MWh. The project was awarded in the public tender launched by Colombia's Ministry of Energy and Mines, via its affiliate UPME, the Mining and Energy Planning Unit.
