

Portable ESS system project financing options in Singapore 2025

Overview

What is enterprise Financing Scheme (EFS)?

The Enterprise Financing Scheme (EFS) is a government-backed financing program in Singapore that streamlines multiple SME loan schemes into one umbrella. Launched in October 2019 by Enterprise Singapore (ESG) (a government agency under the MTI), it consolidated eight previous schemes (from former SPRING and IE Singapore) into a single platform.

What is EFS & how does it work in Singapore?

Encourages Long-term Capability Building: By offering financing for activities like automation (via fixed asset loans), international expansion (project loans), and acquisition of other firms (M&A loans), EFS is aligned with Singapore's broader push for companies to transform and upgrade. It nudges companies to invest in productivity and growth.

What are the requirements for an EFS loan in Singapore?

Minimum Local Shareholding: At least 30% of the company's ownership must be held by Singaporeans or Permanent Residents (either directly or indirectly). In other words, the enterprise should be locally owned to a significant extent.
Business Size (SME Definition): For most EFS loan categories, the applicant should be an SME.

Who manages EFS-Green & Enterprise Financing Scheme (EFS-Green) in Singapore?

The Monetary Authority of Singapore (MAS) also supports related initiatives (for example, MAS launched a Green and Sustainability-Linked Loan Grant Scheme complementary to EFS-Green), but the EFS itself is chiefly managed by Enterprise Singapore. Enterprise Financing Scheme Program.

What are the expected outcomes of enterprise support projects in 2021?

The government often tracks expected outcomes of supported projects: in

2021, ESG said that the enterprise support efforts (grants and loans combined) undertaken that year were expected to generate S\$17.9 billion in value-add and create 23,300 skilled jobs in the future.

When will the support for domestic projects for construction enterprises be extended?

As announced at Budget 2024, the support for domestic projects for construction enterprises will be extended until 31 March 2025. The Enterprise Financing Scheme - Project Loan (EFS-PL) finances the fulfilment of secured overseas projects. The supportable loan types include:
