Smart Solar Power & Battery Systems. Call Solarpro. Solarpro is one of the top 10 Solar Energy Companies in APAC in a list published by Energy Business Review. Solarpro was particularly recognised for its expertise in 'Smart' solar systems which enable people to maximise the use of their own solar power.

Who is SolarPro?

Solarpro specialises in innovative smart solar technology with strong after-sales support, which includes free daily monitoring of your SolarEdge system. We can install technology that enables you to use more of your own solar generated energy in your home or business. Now you have a Smart Solar System that is remotely monitored and controlled.

Are SolarPro installers Rec certified?

Solarpro installers are REC Certified Solar Professionals. This means they have been carefully selected, trained and certified by REC to ensure “best-in-class service and reliability”. As a result, Solarpro customers receive a longer product and labour warranty on their REC solar panels.

What services does SolarPro offer?

Solarpro offers Standard, Premium and Premium Plus Solar Power Systems customised to get your electricity bill as low as possible. As a Solarpro customer you will receive after-sales service that is second to none, including 24hr free monitoring of your SolarEdge system by us.

Why do I need a solar battery?

You are maximising your homes self-sufficiency with the ability to store your

excess generated solar power during the day for use when the sun is not shining. Please explain/breakdown the terms used in the battery description.

Is SolarPro a premium installer?

Solarpro has been a Premium Installer since it started in 2021. Solarpro is proud to be included in this exclusive group of installation companies. To identify the PREMIUM INSTALLERS look for the BLUE STAR logo as above. Solarpro installers are REC Certified Solar Professionals.
