

Residential ESS supplier quotation in Italy 2030

Overview

What is the global residential ESS market segmented based on?

The global residential ESS market is segmented based on technology type. Based on technology type, the market is segmented into li-ion batteries, lead-acid batteries, and other technologies. Lithium-ion batteries held major market share based on technology.

Will Europe dominate the RESS market in 2021?

Europe dominated the RESS market in 2021, and it is expected to continue its dominance in the coming years. The demand for RESS in the region is witnessing high growth due to the rapid adoption of rooftop solar power.

Why has the supply of residential Bess increased in 2024?

At the same time, the supply of residential BESS has increased because of the appearance of Asian players on the large and comparatively attractive European market; our research shows that European residential BESS installation represents 71 percent of global installations in 2024.

How much do energy alternatives cost in Europe?

Furthermore, rising interest rates and the general decline of the European economy mean consumers are more conservative when it comes to making investments in energy alternatives, such as solar photovoltaic (PV) and BESS, which can easily cost up to €30,000.

Why are Asian Bess manufacturers entering the European market?

At the same time, Asian BESS manufacturers, mostly from China, have entered the European market, increasing supply and price competition. Companies in the value chain—including system integrators, manufacturers of battery cells and solar panels, and utilities—will need to stay abreast of shifting supply and demand dynamics to stay competitive.

How much does Bess cost in Europe?

In early 2024, the price of residential BESS offered to end consumers in Europe ranged widely, from €400 to more than €1,200 per kilowatt-hour (kWh) (Exhibit 2). Historically, European OEMs built trust-based brands by highlighting their “made in Europe” status and rode the first-mover wave over the past ten years.
