

# **Schauer solid state battery charger**

## Overview

---

What types of chargers does Schauer specialize in?

Schauer specializes in golf cart and industrial style units as well as wheelchair mobility chargers. The Schauer battery chargers have really impressed our technical team during head-to-head competitor challenges. Recently, they updated the Charge Master chargers to be CEC compliant.

Who makes Schauer battery chargers?

Schauer (formerly known as Japlar Schauer) is the manufacturer of Schauer battery chargers. They have been producing their name sake chargers for over 50 years.

Are Schauer battery chargers CEC compliant?

Schauer battery chargers have impressed our technical team and specialize in golf cart, industrial, and wheelchair mobility chargers. Recently, they updated the Charge Master chargers to be CEC compliant.

Are Schauer battery chargers a diamond in the rough?

We consider Schauer battery chargers a diamond in the rough that has been overshadowed by larger marketing dollars from inferior technology brands. All of these new Charge Master series chargers have a 9 phase rejuvenating charge profile that has few revivals.

What is a battery charger used for?

From chargers for: electric powered wheelchairs to electric powered buses; starting/lighting batteries in cars to trucks; standby power in telemetry units to pipelines. Battery chargers for lead acid batteries of all types, used on any type of equipment, anywhere. Copyright 2015 - 2025. All Rights Reserved.
