## Overview

---

Maximize your rooftop solar and reduce electricity bills with EceFlow OCEAN Pro, a grid-tied solar energy battery storage solution. Seamlessly integrates solar, grid, and gas generator recharging to deliver reliable backup, energy savings, and greater independence.

Maximize your rooftop solar and reduce electricity bills with EceFlow OCEAN Pro, a grid-tied solar energy battery storage solution. Seamlessly integrates solar, grid, and gas generator recharging to deliver reliable backup, energy savings, and greater independence.

Maximize your rooftop solar and reduce electricity bills with EceFlow OCEAN Pro, a grid-tied solar energy battery storage solution. Seamlessly integrates solar, grid, and gas generator recharging to deliver reliable backup, energy savings, and greater independence. With up to 40kW solar input.

The new EcoFlow OCEAN Pro Solar Battery System is designed to do more than just keep the lights on. It's a powerful, all-in-one energy solution that combines solar energy storage, backup power, and intelligent energy management to support an entire home, even during extended outages or peak energy.

The EcoFlow OCEAN Pro Solar Battery System is a powerful, flexible, and intelligent residential energy storage solution built to deliver total energy freedom. With up to 40kW of solar input and 24kW continuous AC output, OCEAN Pro is more than just a backup—it's your home's full energy command.

EcoFlow OCEAN Pro gives you reliable, AI-powered energy storage that works with solar, the grid, and generators. With 40kW solar input, EcoFlow OCEAN Pro utilizes more rooftop solar to store extra energy, cut bills, and power your home longer. Using a generator cord, it can even charge your system.

[Ultra-Fast Charging, 0-100% in 1.5 Hours] With a 1500W AC input, the EcoFlow Delta 3 1500 portable power station charges from 0 to 100% in just 1.5 hours. 220W solar charging takes 7.3 hours. The 800W EcoFlow Alternator

Charger can fully charge it in 2.1 hours. Both the EcoFlow Smart Generator and.

Tap into the full potential of your rooftop solar with OCEAN Pro's 40kW solar-powered backup. Enjoy seamless 24kW continuous output—enough to run your entire home, including two 5-ton HVAC systems. The system is even compatible with gas generators for an added layer of worry-free, round-the-clock.
