

Solar powered battery tender for boat

Overview

What is a solar battery tender?

Thankfully, there is a simple solution to your battery draining problems and that is a solar battery tender. A battery tender, or maintainer, is designed to maintain your vehicle's battery at the optimum charge so that your car is ready to go whenever you are.

What is a 12V solar battery charger?

Ideal for RVs, boats, and remote power needs, these chargers harness the sun's energy for continuous power. Our 12V solar battery chargers provide an eco-friendly way to keep your batteries powered. Ideal for RVs, boats, and remote power needs, these chargers harness the sun's energy for continuous power.

What is a solar battery maintainer?

. Solar battery maintainers derive their power from solar energy to create a slow-but-steady charge for different applications, such as maintaining battery life for cars, boats, and outdoor equipment like ATVs or lawn tractors. Some can even charge your cell phone.

Do you need a solar battery maintainer?

Some can even charge your cell phone. If you have access to lots of sunlight, a solar battery maintainer is a versatile and helpful accessory to have on hand, so you can keep your devices fully charged and ready to go.
