

Solo battery pack

Overview

How much does a solopack battery weigh?

Weighing approximately a pound, the battery is small enough to fit in a magazine pouch. The rugged SoloPack is designed to plug-and-play, offering a high power density to power currently fielded equipment and reducing the weight burden of carrying spare batteries.

How long does a solopack battery last?

"The SoloPack had great battery life. I used the battery to power one PRC 152 for approximately 6 hours a day for 14 days. I typically receive 3 days of usage. I like the power notification bar on the top of the solar pack battery. The size of the battery was great. The SoloPack never overheated which is important for our safety.

What is NERV Centr solopack battery?

NERV CENTR SoloPack Battery is a low-profile, rechargeable lithium ion battery that packs the energy needed for a 12 hour mission. Weighing approximately a pound, the battery is small enough to fit in a magazine pouch.

What is a solopack?

The rugged SoloPack is designed to plug-and-play, offering a high power density to power currently fielded equipment and reducing the weight burden of carrying spare batteries. Visit Website Contact Reliable operational performance under environmental conditions ranging from -32C to +55C.

What is a solo 416 lithium backpack battery sprayer?

The Solo 416-Li Backpack Battery Sprayer is designed to be comfortable and ergonomic with a hip belt and padded shoulder straps. The lithium-ion battery powers a 12 volt pump that provides a steady and consistent spray stream. Tank Size (gal.) Battery charger and flat spray nozzle. Max. Spraying Time

with Battery 7.8 Ah at 36 psi 5.9 hours Max.

Are galvion MBITR batteries sustainable?

Overall I am excited to see a new take on sustainable power." "The Galvion SoloPack batteries with the MBITR attachments allowed a soldier to sustain an MBITR for ten days with only two of these batteries. While most MBITR batteries will lose their charge after a few hours, the SoloPack batteries did not start to drop below 20% charge until day 5.
