

# **Standalone energy storage supplier quotation in France 2026**

## Overview

---

Who is delivering a battery energy storage system in France?

China's Envision Energy has been selected by Kallista Energy to deliver a 120 MW/240 MWh battery energy storage system (BESS) in Saleux, northern France. The project represents Envision's first independent storage contract in the French market and signals its continued European expansion.

What is Envision Energy's first independent battery energy storage contract in France?

After previous triumphs in Europe, this project represents Envision Energy's first independent battery energy storage contract in France. Envision Energy will provide a minimum of a 14-year long-term maintenance (LTSA) agreement, starting construction in June 2025, ensuring ongoing presence in the area once the construction phase is complete.

What are the top 10 energy storage companies in France?

This article will mainly explore the top 10 energy storage companies in France including Saft, TotalEnergies, Huntkey, Albioma, Eco-Tech Ceram, Amarenco, Neoen, Lancey Energy Storage, Corsica Sole, Water Horizon.

Who is the best battery energy storage supplier?

When it comes to energy storage suppliers, Huntkey is your best choice as a battery energy storage systems company with products, solutions and services covering the entire energy value chain. If you want more information, please visit the official website.

What is the market potential for battery energy storage in 2023?

Despite the late start, the market potential is huge. In 2023, Europe's new battery energy storage capacity reached 17.2 GWh, an increase of 94%, and France accounted for a small but promising proportion.

What is Lancey energy storage?

LANCEY Energy Storage provides easy-to-install solutions that enhance energy efficiency and comply with the 2020 Energy Regulation (RE2020). Their integrated battery systems optimize energy consumption during off-peak hours, reducing carbon footprints and electricity bills.
