

Storage welding and desoldering

Overview

Can a desoldering pump tin a solder joint?

The desoldering pump is good for both the lead base solder and tin base solder. Small solder joints can be directly tin repeated operation depends on the actual situation. It can not directly suck large solder joints or multi-layer board, need to assist other heating equipment such as electric soldering iron or 850 hot air table to tin.

What is a portable desoldering station?

□One Hand Operation□: The portable desoldering station enables simple one hand operation. Light in weight and compact in size, adding more convenience to your daily repairing.

Why do you need a desoldering pump?

Helps you desolder joints continuously without jam! The desoldering pump is good for both the lead base solder and tin base solder. Small solder joints can be directly tin repeated operation depends on the actual situation.

Can a solder tin suck a large solder joint?

It can not directly suck large solder joints or multi-layer board, need to assist other heating equipment such as electric soldering iron or 850 hot air table to tin. If encountered high-temperature solder can not be penetrated, you need to add low-temperature solder and then disassembly. Useful and practical.
