

Successful bid price of ESS container project in Belgium 2026

Overview

Work started in October, and the project in La Louvière is scheduled to be operational by summer 2026 and will require an investment of around €70 million (US\$72 million). Is ESG financing a battery energy storage system in Belgium?

Energy Solutions Group (ESG) announced today that it has completed project financing for a 75-MW/300-MWh battery energy storage system (BESS) under construction in Belgium. The Megapack battery system. Source: Tesla Inc The financing was arranged by KBC Bank and Wallonie Entrepreneurs.

How many Bess contracts have been secured this year?

On the last day of October, system operator Elia published the results of the CRM auctions held this year, showing that a total of 450 MW of BESS had secured contracts. For the first time, two auctions were held simultaneously, namely the last auction (Y-1) for the 2025-2026 delivery year and the first auction (Y-4) for the 2028-2029 delivery year.

What is the D-Stor battery storage project in Belgium?

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

How many MW of Bess was contracted in 2025-2026?

Elia announced that the goal had been achieved for the 2025-2026 delivery year: "security of supply is guaranteed, and sufficient volume has been contracted". A total of 100 MW of BESS was contracted in this procurement exercise.

Is ESG financing a Bess project?

In concurrent news, independent power producer (IPP) Energy Solutions Group

(ESG) has completed financing and launched construction on its first large-scale BESS project in Harmignies, in the Wallonia region of Belgium. The news was announced by law firm Loyens & Loeff, which advised ESG on the financing.

Who financed the Bess project?

The financing was arranged by KBC Bank and Wallonie Entrepreneurs. The latter announced separately that its own contribution stands at EUR 15 million (USD 15.4m). The BESS facility is being built on an industrial site next to an Elia high-voltage substation in Harmignies, part of the municipality of Mons in the Walloon region.

Successful bid price of ESS container project in Belgium 2026

Hithium

HiTHIUM's first 6.25MWh Energy Storage Solution is tailored for the North American market and the 4-hour long-duration energy storage application scenarios. Designed with a focus on cost-efficiency, safety, ease of ...

[20ft 40ft Container ESS 500kW 1.2MWH All In One ...](#)

HIGON is a professional 20ft 40ft Container ESS 500kW 1.2MWH All in One Container Solution for Farm manufacturer and wholesaler. All CE/TUV Approved, Shipped Factory Direct!

Utility-Scale Energy Storage System

The growth and success of renewable energy relies heavily on the ability to store energy. That's where we come in. Our utility-scale battery energy storage systems (ESS) store power generated by solar or wind and then dispatch the ...
