

Successful bid price of container energy storage project in Saudi Arabia 2030

Overview

Saudi Electricity Company (SEC) has secured two massive battery energy storage systems totaling 4.9 GWh at a cost of just USD 73-75 per kilowatt-hour (kWh) installed, marking a potential turning point for energy storage economics outside China. Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

How many energy storage projects will a bidder sign with SPPC?

The selected bidders will sign 15-year energy storage service agreements with SPPC for four 500MW/2000MWh BESS projects. The bidders will retain 100% ownership of their special purpose vehicle (SPV) projects. The four upcoming energy storage projects, all identical in scale, are strategically located within Saudi Arabia.

How will Bess projects impact Saudi Arabia?

The successful implementation of BESS projects will significantly contribute to Saudi Arabia's goal of increasing the share of renewable energy in its power mix, targeting 50% by 2030.

Successful bid price of container energy storage project in Saudi Ar

Saudi Arabia announces Qualified Bidders for Group 1 ...

Saudi Power Procurement Company (SPPC) announces the list of Qualified Bidders for Group 1 Battery Energy Storage Systems (BESS) having Combined Capacity of 2,000 MW/8000 MWh across Saudi Arabia on ...

[Saudi Arabia joins top 10 global energy storage ...](#)

Saudi Arabia has firmly established itself as one of the top ten battery energy storage markets globally. Major projects like the newly launched 2,000 MWh Bisha Project, one of the largest in the Middle East and Africa, are ...

Saudi Arabia pre-qualifies bidders in 2-GW battery storage tender

The implementation of the energy storage projects will support Saudi Arabia's goal to boost the share of renewable energy sources in the electricity mix to about 50% by 2030.

Can Saudi Arabia become a "new playground" for energy storage?

Since last week, sunlight power release and Saudi Arabia ALGIHAZ "7.8GWh! The world's largest energy storage project signed" news

screen the entire new energy industry. ...

[Saudi Arabia plans 10GW of battery capacity](#)

Saudi Power Procurement Company (SPPC) plans to procure up to 10GW, equivalent to 40 gigawatt-hours (GWh), of battery energy storage system (bess) capacity by ...
