

# **Successful bid price of rooftop solar storage project in Bulgaria 2030**

## Overview

---

Some 151 project bids for support were submitted for the scheme, which will provide up to 1.154 billion BGN (€590 million/US\$540 million) for up to 50% of the construction costs of 3.1GWh of standalone energy storage projects.

Some 151 project bids for support were submitted for the scheme, which will provide up to 1.154 billion BGN (€590 million/US\$540 million) for up to 50% of the construction costs of 3.1GWh of standalone energy storage projects.

Some 151 project bids for support were submitted for the scheme, which will provide up to 1.154 billion BGN (€590 million/US\$540 million) for up to 50% of the construction costs of 3.1GWh of standalone energy storage projects. The bids meanwhile total five billion BGN of requests for financial.

The Bulgarian authorities awarded BGN 526 million (\$284 million) to 397 renewable energy projects in the country's latest procurement exercise. The Bulgarian Ministry of Energy has announced the final results of the country's first renewable energy auction. The government allocated BGN 526 million.

The Ministry of Energy of Bulgaria has received 151 project proposals worth nearly BGN 5 billion (\$2.7 billion), more than four times the available funding. A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking.

Bulgaria's Ministry of Energy has officially announced the final results of the country's first renewable energy auction. In this procurement event, the Bulgarian government allocated a total of 526 million Bulgarian leva to 397 renewable energy projects. The funding was divided into two project.

The Ministry of Energy in Bulgaria has launched 2 separate calls to build new renewable energy capacity and energy storage facilities in the country with more than BGN 535 million (\$298 million) budget. The BG-RRP-4.032 tender will support new solar and/or wind power projects with co-located energy.

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects

that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding. This investment aims to expand the country's energy. How many project proposals were submitted in Bulgaria's energy storage procurement procedure?

A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage facilities with a cumulative minimum usable capacity of 3 GWh.

What is the largest energy storage project in Bulgaria?

A 25MW/55MWh project from IPP Renalfa and BESS supplier Hithium, the largest in Bulgaria. Image: Renalfa IPP. The deadline has now passed for Bulgaria's EU-backed support scheme for standalone energy storage, and the bids submitted amount to four times the available capital available.

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

What is the largest Bess system in Bulgaria?

The largest BESS online today in Bulgaria is a 25MW/55MWh system deployed by independent power producer (IPP) Renalfa and lithium-ion and BESS manufacturer Hithium.
