

Turnkey residential ESS EPC contract price in Iran

Overview

What is an EPC Turnkey project?

In an EPC turnkey project, the Contractor is typically required to prove the reliability and performance of the Plant during the Tests on Completion, and the Works are only taken over after successful completion of these tests.

What are the conditions of contract for EPC/Turnkey Projects?

These Conditions of Contract for EPC/Turnkey Projects include conditions, which are likely to apply to the majority of such contracts. Essential items of information which are particular to each individual contract are to be included in the Particular Conditions Part A – Contract Data.

How does an EPC/Turnkey Contract work?

Normally, an EPC/turnkey contract is based on a lump sum price, with little or no measurement. The Contractor thus takes the risk of changes in cost arising from the Contractor's design. The lump sum price may consist of two or more amounts, quoted in the currencies of payment (which may, but need not, include the Local Currency).

What is FIDIC EPC / Turnkey Contract?

In the case of EPC / Turnkey contracts the Parties usually negotiate many elements of the Contract Documents including the Contract Data, and then execute (sign) the Contract Agreement. Thus, the users of the FIDIC EPC / Turnkey form of contract shall make sure that each entry (or absence of an entry) in the Contract Data is agreed by both Parties.

Why should you choose energyiran for your EPC project?

Combining our keen technical team in ENERGYIRAN, with the expertise of our fabrication facilities in KMC as well as Iranian & foreign trading companies (METROPOL & APCOM), ENERGYIRAN is uniquely positioned to propose optimum solutions to resolve the customers' needs and issues for EPC

projects.

How do you negotiate a turnkey project?

Turnkey projects generally require some negotiation between the parties during the tender stage of the project. Having studied the variety of options offered by tenderers, the Employer may consider it essential to meet and discuss with them the technical and commercial options which the Employer considers preferable.
