

Turnkey solar storage container EPC contract price in Indonesia

Overview

What are the EPC/Turnkey contracts for most projects in Indonesia?

g EPC/Turnkey Contract for most projects in Indonesia are: 1. Time constraint to complete the project on time since the delay in completion may affect the operation of the plant and consequently will delay collection.

Why should we use EPC contract in Indonesia?

When time and cost are limited EPC Contract might be the best. Another reason for using EPC in Indonesia is the certainty of cost which is better than the uncertain cost with huge additional cost and in order not to be suspected especially by the Anti Corruption Commission, the government super body to fight against the corruption. By using EPC.

How is EPC tax collected?

The tax is collected largely through the withholding tax mechanism, whereby the project owner withholds income tax of 2.65 - 6 percent from every payment to the EPC contractor. The income tax base commonly is the gross income (contract value). A PE is also subject to Branch Profit Tax of 20 percent referring to the domestic Income Tax Law.

Turnkey solar storage container EPC contract price in Indonesia

Turnkey solar power plants

We construct turnkey solar energy systems and around the world. We provide complete EPC (engineering, planning, procurement and construction) of solar grid connected power plants.
